Policy Manual	

STUDENT DRESS CODE

There are certain restrictions necessary on a student's dress and grooming when such dress and grooming may create a health or safety hazard; invade the rights of others; or, be disruptive to the educational environment by detracting from the decency and decorum in school. It will be the responsibility of the building principal to determine violations of the intent to this policy and to take necessary corrective action.

Each school's student handbook outlines appropriate dress and action to be taken if the code is violated.
