<b>Policy Manual</b>	

## **WALKERS AND RIDERS**

Transportation may be provided to and from school for elementary school children, (grades K-8) who live within the one-mile radius of the school. Bus service will be provided for students within these boundaries if the Board determines it is economically efficient, and is justifiable in terms of student safety.

The transportation of students with special needs will be in accordance with the specifications of their educational plans and will be arranged by the transportation supervisor.

Exceptions to the established areas may be made by the Board for the following reasons:

1. Where, in the judgment of the Board, walking conditions to the student's school is extremely hazardous.
2. Where because of overcrowding and the necessity to assign students to another building, the Board deems transportation necessary.
