Policy Manual	

SUPERVISION OF CONSTRUCTION

The Board may appoint a construction manager for any remodeling, addition or new construction project. The construction manager will be a competent person who may or may not be otherwise employed by the district. His/her primary responsibilities will be to continually inspect the construction to be certain that the interests of the public are protected and that the contractor complies strictly with the approved plans and specifications. The building manager will report regularly to the Superintendent and Board to keep them informed of construction progress.

The contractor will retain supervision of the actual construction and the workers whom he has employed to complete the actual building of the structure.
